While Millier again rode more winners than anybody else, it must be said that his work in the saddle provoked many unpleasant comments. Nobody ever accused which was not wholly confined to the 11 to 20. public. Miller's ride on Rye, a hot favorite at Brighton Beach, was perhaps the queerest bit of horsemanship furnished by the star jockey and/ drew from one of the stewards of the meeting the remark that a repetition of the ride would result in the prompt ejection of Miller from that track. Miller recently signed to ride next year for Thomas H. Williams, president of the

Pacific Coast Jockey club, the contract calling for 105 pounds. But as Miller took at 6 to 1, turned a startling form somer on weight rapidly toward the close of the season it is generally believed that he will not be able to ride under 107 or 110 pounds when the summer months roll around again. If such proves to be the case Eddie Dugan will be a star lightweight. Dugan's rise, which has been rapid, caused hundreds who had been loyal to Miller to turn to the little jockey who was introduced to the metropolitan public last spring by Boots Durnell. Dugan did some great riding during the campaign and clearly demmonstrated the fact that in racing over long distances he was easily Miller's surior. Dugan was easily second best in the riding honors, and before the season ended he signed a contract to ride next year for H. T. Wilson, jr., and H. P. Whitney, Durnell retaining a call on the boy's

Joe Yeager, the "Boy Plunger," was another unfortunate. He was going along nicely during the midsummer season and was fully \$100,000 to the good, but the luck turned and he left here badly best. Frank J. Farrell, another big better, was far in the hole the early part of the year, but by means of judicious play he finally got out and quit a winner on the year. Chicago O'Brien, the well known cinch player, won extensively, as did Strike Breaker Parley. who developed into a successful as well as a spectacular plunger,

All of the club house commissioners, including William H. DuBois, John Walters, Frank Mone and Carl Doggett, cleaned up handsomely.

The eastern season opened on March 25 at Benning, the winner of the first race of the year being Anna May, owned by Paul J. Sainey and ridden by Miller. On the same day Malacca, a 20-to-1-shot, was successful in the Benning handleap, in the E-year-olds shown at the Benning meeting the best were Rillie Hibbs, Queen's Souvenir, Dead Gone, Lady Isabel, Ben Cole, Jubiles, Trey of Spades, Bucken, Bilfil, Service and Senator Berrett.

De Mund cut out a swift pace to the homestretch, where he curied up as usual. Jimmy McCormick's Glerifier, who had received a special preparation at New Orleans, then went to the front and won cleverly from mighty Roseben, who shouldered 135 pounds and was pronounced the best horse in the race. Don Diego, in the Belmont silks, was third.

Carey, in grand form, captured the Queens County handicap at liberal odds by Oxford and Glorifler. The first real scandal of the year occurred on April 12. when Fred Burlew's Athlete, well backed sault and beat Orphan Lad a head in a handleap at seven furlongs. Dr. Gardner, with 127 pounds, was made a topheavy favorite at 2 to 5 in this affair, his stable connections unloading for the limit. Garner took him to the front and practically ran him into the ground, so that he came home in third place. So much fault was found with Garner's handling of the Bannockburn colt that T. D. Sullivan declared that the boy could never ride for him again.

Robin Hood, the lager beer horse, scored his first success of the season on April 23. T. C. Dave Johnson wagered \$15,000 on Handsarra in a handicap on April 26 at even money and won the bet, as his mare got home six inches in front of Voorhees, a 30 to 1 shot. That was the opening day of John W. Gates. When Mr. Gates pulled the Jamaics spring meeting, which was up stakes at Brighton in July and sailed marked by a hollow victory by Dr. Gardner in the Excelsior handleap, worth \$7,350 \$300,000 in wagers. Mr. Gates denied this to the winner. Dr. Gardner handled 122 to 2, with a smart play on Buttling at 9 pounds, and with Jack Martin up made all to 2, but neither of them got near the the pace, but he receded in the betting from 4 to 10, as Sullivan, Parrell, Johnson and their immediate following did not bet a nickel on the Bannockburn colt because Light, with whom a sensational killing had they did not believe that he could go the route. But when it came to racing Senator Clay could not beat a fat man going up a hill, while the Brownleigh Park Stable's They're Off, overlooked at 10 to 1, made a show of his field. The Newcastle's stable's Saracinesca was third. McGinnis' share of this race was \$7,635, in addition to about \$15,000 in wagers. The usual shift to Gravesend was made on May 10, when P. J. MADE FROM S.S.S. ROOTS AND HERBS A SAFE AND RELIABLE BLOOD PURIFIER

In the time of our forefathers the forests and fields were the only labore tories from which they could procure their medicines. They searched out and compounded the different roots, herbs and barks into remedies, many of which have been handed down to succeeding generations, and continuously used with satisfactory results. Among the very best of these old time preparations is S. S. S., a medicine made entirely from roots, herbs and barks, in such combination as to make it the greatest of all blood purifiers. This absolute vegetable purity of S. S. S. makes it the one medicine that may be used without fear of harmful results in any way. Most blood medicines on the market contain mercury, potash, or some other strong mineral. These act with bad effect on the system, upsetting the stomach, interfering with the digestion, affecting the bowels, and when used for a prolonged period of time often cause salivation. No such effects ever result from the use of S. S. S., and it may be taken by children as safely as by older people. For Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Diseases, and all other troubles caused by impure or poisoned blood, S. S. S. is a perfect remedy. It goes down into the circulation and removes all poisons, impurities, humors or unhealthy matter, and makes the blood pure and rich. It eliminates every particle of the tain of inherited blood trouble, purifies and strengthens the weak, deteriorated blood, and establishes the foundation for good health. S. S. S. is Nature's Blood Purifier, and its many years of successful service, with a steadily increasing demand for it, is the best evidence of its value in all blood troubles.
